Shanghai Ocean University

ABOUT SHOU

Shanghai Ocean University, founded in 1912, is a multidisciplinary applied research university.

It is a jointly constructed university by the Shanghai Municipal People's Government, the State Oceanic Administration, and the Ministry of Agriculture and Rural Affairs. In September 2017, it was selected into the list of national "World-Class Discipline Construction Universities".

In February 2022, it was selected into the second round of the list of "Double First-Class" construction universities and construction disciplines. The school actively expands foreign cooperation and has close exchanges and cooperation with universities in countries (regions) such as the United States, Japan, South Korea, Germany, Portugal, Australia, Ghana and international organizations such as the Food and Agriculture Organization of the United Nations (FAO) and the Asian Fisheries Society (AFS).

ADVANTAGES FOR INTERNATIONAL STUDENTS

The university welcomes international students from over 40 countries around the world. There is a strong multicultural atmosphere on campus, allowing students to study and live in an international environment. The language programs, cultural experience activities and a wealth of club activities of the university offer diverse choices for international students.

It has signed cooperation agreements with more than 160 overseas universities and research institutions. The development goal of the school is: by around 2035, its comprehensive strength will enter the forefront of municipal universities, and a high-level characteristic university with significant international influence will be initially built. By around 2050, a high-level characteristic university with significant international influence will be built, and it will enter the ranks of world-class characteristic universities.
